

DER LANDKREIS LÄCHELT

On 18 June, the first 250 visitors were photographed at the Alte Weberei Mittelstadt. (Photo top left: Alexander Müller)

On 4 July, the project continued in the Ochsenkelter in Metzingen, via the Pfullingen public library to Rappertshofen and to the staff party in the Motorworld in Metzingen. On 11 July, the project performed at KULTSPACE Münsingen and finally at the Amandus Church in Bad Urach.

Television, radio and the press gave the project excellent coverage, more than 1,100 visitors were portrayed and it was striking how much the participants appreciated the fact that the district was doing such a project with the population for its 50th anniversary.

Presentation of the results

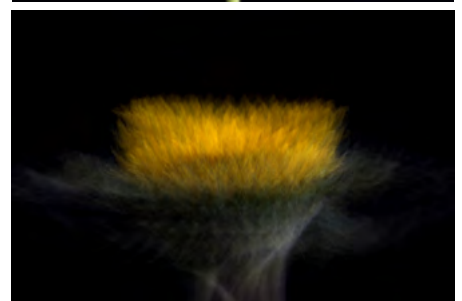

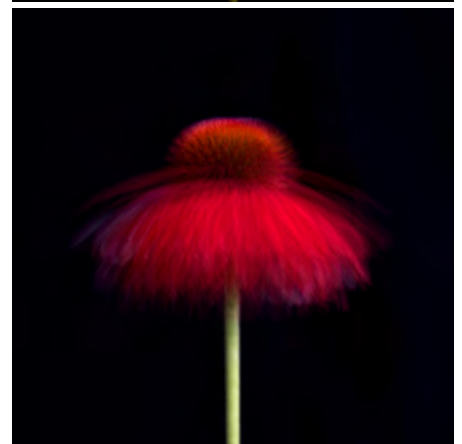

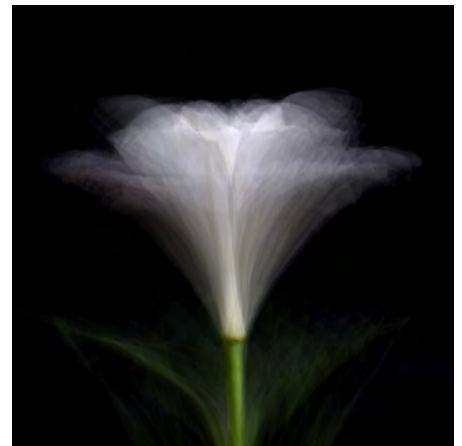

On Saturday, 21 October 2023 from 10 a.m. to 6 p.m., the first art and culture fair of the district of Reutlingen will take place in the Achalmhof Reutlingen. There, the result of the project will be presented to the public and later find its place in the new building of the district administration office.

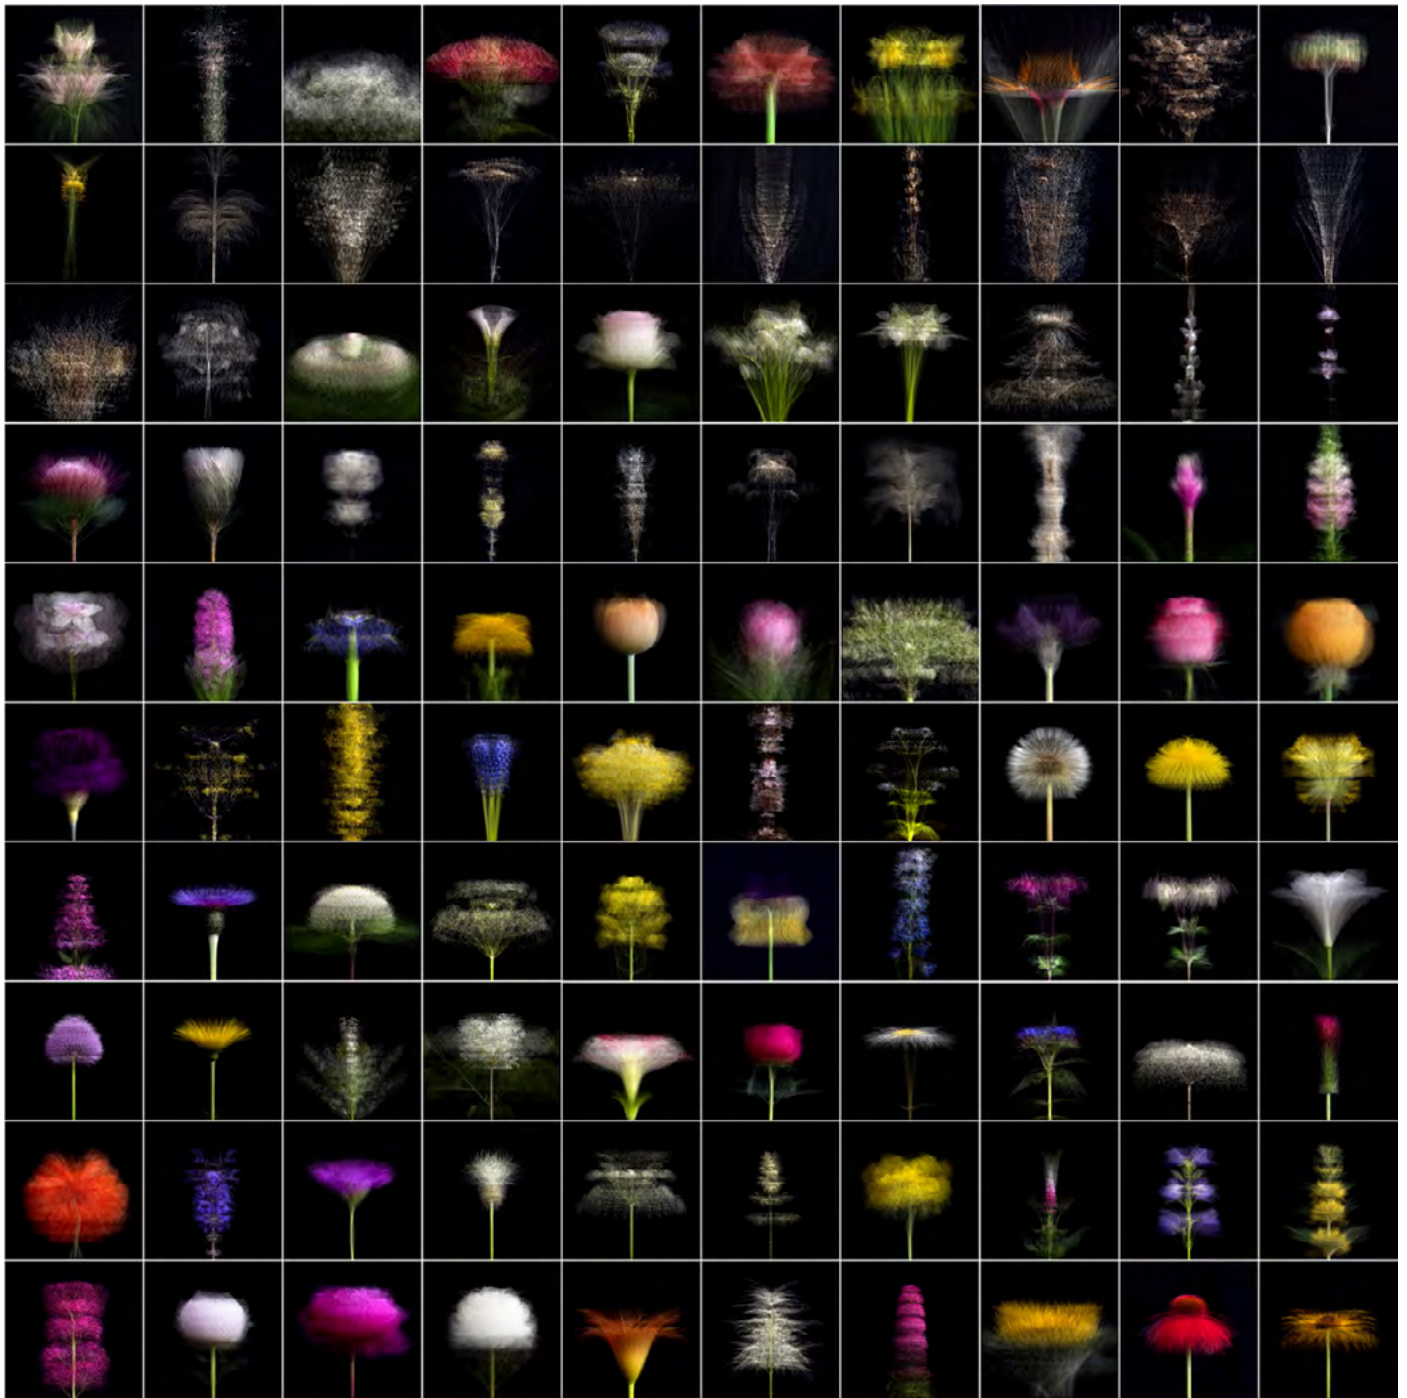

#FLOWERS

Since the beginning of the year, I have been able to photograph more than 100 different flowers from all sides in the Petrushof studio, see the overview above. Afterwards, all the viewpoints of a flower are layered in a highly transparent way so that a new way of looking at it emerges.

Claudine Nierth: „The different perspectives bring the theme that is in the middle to a new level, to a new quality, and that is a creative process that every person is immediately capable of.“ (Quote from an interview with Mike Kauschke in the magazine evolve 23/2019)

I wonder if there will be a place in the near future where this wealth can be presented. I would be happy to share my enthusiasm.
